# 5" DIRECT DRIVE GRAVITY-FEED PTO WOOD CHIPPER

## ITEM NUMBER

MX-8500G+

## UPC

850048655058

## DESCRIPTION

Experience unparalleled performance with the WoodMaxx MX-8500G+ 5" Direct Drive Gravity-Feed PTO Wood Chipper, designed with sub-compact tractor owners in mind. Weighing under 425lbs, this chipper boasts a robust 3/4" thick structural steel flywheel. Engineered for simplicity and innovation, it requires no powered infeed system, belts, jackshafts, or hydraulics, ensuring exceptional efficiency and performance. Proudly made in the USA, this chipper includes our patent-pending rotary anvil, enhancing material infeed efficiency. Unlike traditional chippers with flat-edge stationary anvils, the cylindrical design increases the pulling effect, greatly boosting chipping capability. With a 5" chipping capacity, the MX-8500G+ is the ultimate choice for all your wood chipping needs.

## DESCRIPTION

Streamline your wood chipping tasks with the WoodMaxx MX-8600 6" Direct Drive Hydrostatic Wood Chipper, available in both PTO and Skid Steer models. Featuring a patented hydrostatic infeed system, this American-made chipper comes equipped with an 8" x 6" infeed opening for optimal performance. The self-contained hydrostatic auto-feed system ensures seamless operation, providing smooth, precise infeed speed control for effortless wood chipping with minimal adjustments. The MX-8600 boasts a 24" diameter dynamically balanced flywheel and four USA-made A8 tool steel knives. Its unique octagonal-shaped infeed roller enhances material handling efficiency. With a true 6" chipping capacity for hardwood and 8" for softwood, the MX-8600 is your ultimate solution for all wood chipping needs.

# FULLY HYDRAULIC EVEREST SNOW PLOW

## ITEM NUMBER

EVST9022

## UPC

826518005579

## DESCRIPTION

This prosumer, fully hydraulic snow plow kit provides you the opportunity to clear your parking lot, driveway, or lane way whenever required. With our fully hydraulic system you can raise, lower, and angle the snow plow blade from inside your vehicle using our wired hand held remote. For extreme durability against the elements and rust, SnowBear® combines an industrial powder-coated paint finish on the blade with hot dipped galvanized hardware components to keep your plow looking new for years.

The plow itself simply clips to a SnowBear® custom fitted vehicle mounting system and can pretty much mount to anything that's fit to push snow.

- Simple bolt on custom fitted mounting brackets, no drilling or welding required (sold separately) **1**
- Hydraulic system lifts and lowers blade **2**
- Light weight, no need to alter stock suspension
- Black UV powder coated components with an industrial painted blade skin **3**
- Self-leveling foot provides max blade tip clearance when the blade is fully raised
- Skid shoes to assist guiding the blade edge over uneven terrain or from possibly marking those more delicate driveways
- Snow deflector to assist directing snow minimizing windshield spray
- Wired hand held control **4**
- Blade hardware holds the hydraulic pump so it can be rolled away from the vehicle rather than being left on the truck with the mount
- Thicker trip springs to ensure tension remains strong and coils tight
- Existing holes in plow frame make it easy to add bolt-on accessories

### DESCRIPTION

Experience unparalleled snow-clearing power with SnowBear PTO and Skid Steer Snow Blowers, engineered with marine-grade stainless steel hardware for exceptional durability in the harshest winter conditions. Offering versatility with optional hydraulic or electric chute/rotator and deflectors, these snow blowers provide precise control over snow discharge direction. Featuring heavy-duty augers and impellers, SnowBear snow blowers efficiently clear snow with cutting widths ranging from 48 to 84 inches, making them ideal for tackling even the heaviest snowfalls. Designed for use with 15 to 65 PTO horsepower tractors or skid steers with a GPM range of 16-30, these snow blowers ensure reliable performance and consistent snow removal season after season. Backed by SnowBear's dependable 2-year warranty, these snow blowers are a reliable investment for long-term snow removal needs.
